Good morning teams,

One week from today (Wednesday, October 14) we will host a pair of testing sessions at the Indianapolis Motor Speedway in preparation for the 2020 Open-Wheels 500 Mile Race presented by Mitchell Transmissions.

These sessions can be accessed through the iRacing Hosted Sessions listing and are open to all interested teams. The schedule for the day is listed below, with all times Eastern US:

12:00pm – 3:00pm	Session One
3:00pm – 4:00pm	Break
4:00pm – 7:00pm	Session Two

The name of the sessions will be listed as follows: “Open-Wheels 500 Open Test”

We expect to have live streaming of both sessions on Open-Wheels YouTube, with commentary and interviews at various points of the six hours of track time.

Teams are encouraged to run the liveries that they plan to run for the race as Open-Wheels will use these sessions to gather photos and other production material that will be used on-air and in social media posts in November.

For these sessions, you may use Trading Paints as the main form of livery uploading, but in November there will be a Dropbox you must submit your paint files to in order to have them shown on the RaceSpot TV broadcasts.

Individuals with questions may reach out to [RaceControl@Open-Wheels.com](mailto:RaceControl@Open-Wheels.com) for more information.
